Dear Parents and Guardians:

Due to the growing concerns over COVID-19 and the potential spread within close proximity, Valley Day School is preparing independent work to be completed by students at home in the event of an extended mandated time off. The work is generated by assigned homeroom teachers and are adjusted to meet students ability to finish at their own pace. The work provided is to reinforce lessons taught and to review foundational skills. All completed work will be graded and counted towards their 3rd marking period grade which ends April 7, 2020. In addition to work being sent home, students can access assignments online via www.valleyday.org.

Executive Director

Jessica Milton
Education Director-Principal

Kim Burkhardt
Finance Officer

The national and local situation is constantly developing and our school board is making decisions with the utmost concern for the health and safety of all Valley Day community members. More information may come via the *ONE CALL* system, website, and VDS Facebook. We appreciate your understanding and cooperation with this matter.

Sincerely,

Jessica Milton
Education Director
Principal
